

# INTRODUCING...The Revolutionary *Quanta E-Protector™* Protection from Electro-magnetic field (EMF) Stress... *Anywhere You Go 24/7--*

Satellite frequencies from cell phones, computers and wireless technology are the newest forms of EMF stress! Sadly, our research on every kind of EMF protector found no protection from these higher coherent frequencies which bombard our bodies hundreds of times daily. It took Dr. Paul Yanick (inventor) over a decade of research to develop the *Quanta E-Protector™*, to protect you from these harmful EMFs which disrupt the body's quantum or energetic functions. Acting like constant STRESSORS, they interfere with hormonal and nerve cell communication, adding immensely to our daily stress load. Accumulated exposures can be lethal and lead to obesity, anxiety, insomnia, headaches, ADHD, Alzheimer's, brain tumors and more!

**HERE'S THE GOOD NEWS...**By using the *Quanta E-Protector™* you can FREE UP and REMOVE this interference from the body. Working on the energetic principles of homeopathic medicine, accepted and used by millions worldwide, it allows the body to oscillate at higher harmonic resonances. This proprietary technology utilizes the highest frequency (exahertz) and the shortest wavelength (nanotesla) to give you the ULTIMATE protection from satellite frequencies. Why? The higher harmonics of the *Quanta E-Protector™* overpowers the megahertz/gigahertz frequencies (cell phones, wireless, etc) so they can't diminish body functioning or generate stress or jam up the body's sensitive communication systems. Within minutes of wearing it around the neck, a protective cocoon of super-coherent harmonic resonances shield the body from other unnatural signals.

Leading-edge, frontier scientists agree that enhancing quantum coherence can help us to become stress resilient while making us stronger, healthier, and better. The amplified crystalline resonant field NOURISHES the body with resonances that we can only get from NATURE and that are woefully negligent in today's electro-polluted world. With faster than the speed of light energetic responsiveness (where homeopathy has already shown us powerful healing methodologies, the *Quanta E-Protector™* offers you the ULTIMATE in EMF protection.
