

Cleanse your Body with our New & Vastly Improved: QuantaDetox

The world is so polluted with man-made chemicals that it has become impossible to remove ourselves from all the toxins we encounter in daily living. This means we have to nourish and assist the body in gently, easily and safely removing this accumulation of man-made chemicals with a positive ionic charge. Nearly all man-made chemicals are carcinogens or xenoestrogens that make us fat, block hormones and cause cancer. Lowering our body's toxic load allows the organs to function more efficiently.

Clay and certain minerals with a negative ionic charge and a high quantic harmonic polarity have been blended to give you the ultimate detox bath. The ingredients in our product is not to be confused with sodium or calcium bentonite or montmorillonite, dead sea salts, French Green Clay, Terramin, Red Clay, Jordan Clay or Sacred Clay. Here's what researchers are saying about the ingredients we have chosen:

- ✿ **High Quantic Harmony** - finely-tuned to the natural polarities of nature in a way that deep-seated toxins are attracted and magnetically removed without irritation or allergic or chemical reactions. Embedded within the negative ionic mineral matrix is crystalline lattices of clay that safely carry away deep microbial stressors and toxins. Acting as a scrubbing agents in the intestinal intervillous spaces and deep lymph channels, commonly plugged up with mycotoxins and biofilms, this gentle but powerful cleansing and its strong battery-like charges augments lymph drainage and detoxifies both lymph and blood circulation without allergic or chemical reactions.**
- ✿ **Absorbs Harmful Microbes** - Dr Walter W. Bennett, PhD, Epistemologist and Research Scientist, states "*When used as a media of raw material it inhibits the growth of representative pathogens such as staphylococcus, streptococcus, salmonella, escherichia coli and pseudomonas aeruginosa.*" of modern day life.** Laboratory tests conducted at *Arizona State University* these minerals kill bacteria responsible for *Staphylococcus aureus*, methicillin-resistant *Staphylococcus aureus* (MRSA), penicillin-resistant *Staphylococcus aureus* (PRSA), and *E coli* and *Mycobacterium ulcerans* by absorbing endotoxins produced by infectious bacteria. At the *Geological Society of America* Annual Meeting in Denver, Colorado on October 29, 2007, research by Julius Stumpf, MD reported success with deadly cholera in Asia and diphtheria, gangrene, eczema, and ulcers on shin bone, or tibia.
- ✿ **Nutrient-Rich in Microalgae and Phytoplankton** - Fermented microalgae and plant life nourish the skin and invigorate the lymph circulation. Jerry Tennant, M.D. believes that marine phytoplankton provides the ultimate nutrients needed to restore health and to get cells functioning normally. Dr. B.H. Ershoff, from the *University of Southern California School of Medicine* reported that minerals of this nature increased growth in cattle while the *US Department of Fish and Wildlife* conducted similar studies on trout fish on the Snake River in Hagerman, Idaho revealing the same incredible health promoting effects.

APPLICATIONS

- ✓ **Facial Pack:** Moisten powder to a smooth paste (using approximately 50% water) and spread evenly over entire face; let dry twenty minutes for force dry with hair dryer. Remove with a hot wash cloth.
- ✓ **Acne, Pimples, or Skin Conditions:** Make paste with water and cover affected area. Excellent for warts, athletes foot, yeast fungus, jock itch, hair loss, ringworm, sunburns, scalp dandruff, pimples, cuts, staph around fingernails, boils, poison ivy, cold sores, canker sores, and shingles.**
- ✓ **Lymphatic Detoxification** - Apply paste around neck, under arms and on each side of the pubic bone. After dry, take a hot bath for about 20 minutes, adding 2 tablespoons of powder to the bath.
- ✓ **Insect Bite and Stings** - Make paste with water and cover affected for 20 minutes. Remove with a warm wash cloth.
- ✓ **Scars** – Restores electrical activity to dead skin and acupuncture energy flow, shrinks scar tissue adhesions.**
- ✓ **Teeth and Gums** – Mix 2 oz of warm water with ½ tsp of powder. Hold in mouth for 3 minutes. Add a little more powder on to toothbrush and brush vigorously. It will absorb old dental toxins and deep-rooted endotoxins (toxins produced by infectious organisms). Removes tartar and is an astringent to gums. Say good bye to periodontal pockets, gingivitis and pyorrhea.**

No more skin rashes, acne, dandruff, swollen gums, or skin-lymph disorders!

QuantaDetox can absorb 600 times its own weight in man-made toxins. Electrical forces are what hold atoms and molecules together and all chemical bonds and reactions depend on these electrical forces that are being disrupted by the strong positive ionic charges of man-made chemicals. Therefore, use of QuantaDetox can help to reorganize the electrical forces that are vital to our anatomy. During sickness or disease the quantic harmonic polarities or vital life forces are weak and incapable of supporting the body and its functions. In health and fitness however the opposite occurs: there is a high quantic harmonic polarity>

INGREDIENTS: Fermented microalgae and phytoplankton, quantic-harmonic protein-mineral complexes, negative ionic trace minerals and crystalline lattices of volcanic clay.
